

# SPONSORSHIP OPPORTUNITIES

Saturday, November 4th, 2023

Sheet Metal Hall, Philadelphia, PA

9:00 AM - 12:00 Noon

Block Kids Building Competition is a national event where children, grades 1 through 6, have one hour to build a construction project using 100 building blocks and other items. Our local winner advances to regional competitions, and one semi-finalist from each region is entered into the national program competition.

Local prizes are awarded to the top three projects in each grade and all children and their parents learn more about the benefits and career opportunities available in construction by attending a "trade fair". You can help influence the next generation by becoming a sponsor of this event. Together we can make a difference in the future of our industry.

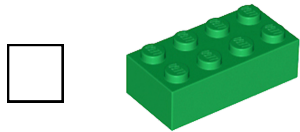

**Yes! Count me in! I would like the following sponsorship:**
