

2022 BLOCK KIDS EVENT

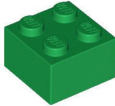

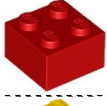

SPONSORSHIP OPPORTUNITIES

The NAWIC Philadelphia Foundation is pleased to announce the Block Kids Building Program will be held on Saturday, November 5th, 2022 at the Sheet Metal Workers Local 19 Hall in Philadelphia. During the event, hands-on activities and displays from local trades will be available for children and their parents to find out more about the many benefits and career opportunities available in the construction industry.

Block Kids Building Competition is a national building competition. Children in grades 1 through 6 will have one hour to build a construction project using 100 interconnecting building blocks and other items. Local winners advance to regional competitions and one semi-finalist from each region is entered into the national program competition. National prizes are awarded to the top three projects.

This is a wonderful opportunity to get your business' name out there! Sponsor logos will be displayed on the shirts of participants, a display board, on our website and mentioned during our awards ceremony! With your sponsorship we will be able to influence the next generation and get them interested in the abundance of opportunities available in the construction industry. Together we can make a difference in the future of our industry!

I would like to support the education of children regarding the many career opportunities within the construction industry.

<input type="checkbox"/>		GREEN BRICK \$2,000	Large company logo displayed on T-Shirts, & website. Name mentioned in awards ceremony. Opportunity to present a grade level award. 3 Free T-shirts per Sponsor
