

CONSTRUCTION CAMP

July 6th through August 10th, 2023

March 2023

Dear Friends,

On behalf of the National Association of Women in Construction (NAWIC) Philadelphia Foundation, we are proud to present the

14th Annual Mentoring Young Women in Construction Camp

Through this camp, we are able to share our passion of the construction industry with middle school and high school students from the Philadelphia area. This is a workforce development opportunity geared at getting more women in the construction.

MyWIC Camp works with the building trades training centers to create a unique opportunity for young women to learn about each trade, experience hands-on activities, challenge themselves, and develop a “can-do” attitude. This is an initiative to create a sustainable labor pool in the construction industry while exposing young women to careers that they may not have previously considered.

Past experiences have included the:

- ◆ Carpenters
- ◆ Bricklayers & Allied Craft Workers
- ◆ Painting
- ◆ Retail Construction
- ◆ and Job Site Tours
- ◆ Electricians
- ◆ Plumbers
- ◆ Glazing
- ◆ Safety training
- ◆ Steamfitters
- ◆ Drywall
- ◆ Roofers
- ◆ First Aid Certification

You can help make this happen!!

And with your support, we can continue to mentor our girls and make a difference in their life!
